# Select/Ultra Select vs. Premier Plans

The key differences between **Select/Ultra Select** and **Premier** Plans focus on two things:

Eligibility

# Select Plans

- Only available to Harris County residents
- Lower premiums, same quality care

# Who should consider a Community Select Plan?

Select Plans can be a great option for anyone in Harris County, but especially those who:

1. Currently have a PCP at Memorial Hermann, Harris Health, St. Joseph, or an affiliated physician group and want to keep your care team,
2. Those who value convenient care that's close to home , and
3. Anyone who wants affordable, comprehensive care

# Ultra Select Plans

- Only available to Harris County residents
- Lower premiums, same quality care
- Members receive all their care from one or more of the following high-quality Providers:
  - Harris County Hospital District
  - HCA Hospitals
  - AD Hospital East
  - Oakbend Hospital
  - Along with each of their affiliated Physician Groups (Baylor AMS, UT Physicians, Privia (provider group associated with HCA))
- That means all your healthcare needs – from PCP and urgent care visits to prescription drugs and more – would be met by a Provider within our Select Plan network of hospitals and physician groups.
- The smaller network allows us to pass the savings to you in the form of low premiums, helping you contain costs without sacrificing quality of care.
- Though these plans are only available to Harris County residents, Members can get care anywhere Ultra Select Plan Providers are located.

# Who should consider a Plan?
